Dear Dr. Mejía de Conde,

I am delighted to welcome you as a Member of the EFMD Global Network on the basis of approval by our Membership Review Committee on 9 December 2021.

EFMD Global Network (hereafter referred to as "EFMD GN"), a non-for-profit organisation, was created in Geneva following the decision of the EFMD membership and was approved by an overwhelming majority of members at an Extraordinary General Assembly that took place in Brussels on 22 November 2012.

As a new member of EFMD, you automatically benefit from dual membership of both networks - EFMD and EFMD GN - at no additional cost as the annual membership fee is split between EFMD and EFMD GN, a decision that was also proposed, voted and approved at the Extraordinary General Assembly.

The ratification of the new members (final approval) will take place during the EFMD GN Annual General Assembly which will be held in June 2022 (all members will receive precise details and an invitation to participate in due course).

We remain at your disposal should you require any further information.

Wishing you a Happy New Year and looking forward to working together,  
yours sincerely,
